FOR IMMEDIATE RELEASE

November 2023 – Euronovate, a leader in digital signature technology in Europe and the Middle East, is pleased to announce a **strategic partnership** with Critical IT Solutions of Maryland, a premier provider of innovative IT solutions and services in the United States.

This alliance is poised to reshape the U.S. market with Euronovate's secure and intuitive digital signature platform, targeting critical sectors such as banking & finance, real estate, education, and human resources.

Euronovate's proven success in the diverse European and Middle Eastern markets sets the stage for a significant foray into the U.S. landscape, with Critical IT Solutions providing the local expertise and customer service excellence necessary for market penetration and growth.

"Through the synergistic union of Euronovate's pioneering digital signature technologies and Critical IT Solutions' expertise in crafting cutting-edge IT landscapes, this partnership is not merely a merging of strengths but a reinvention of possibilities." said Andrea Pirone, Chief of Revenue Officer. "Together, we stand poised to redefine the art of secure and seamless digital transactions across the United States, heralding a new era of efficiency and trust in the critical sectors that form the backbone of progress."

"We are thrilled to join forces with Euronovate and bring their top-tier digital signature solutions to our clientele," said Hani Eshack, CEO of Critical IT Solutions of Maryland. "This

partnership aligns with our mission to empower businesses with state-of-the-art digital / electronic signature technology that drives efficiency and enables trust."

The partnership promises to elevate operational workflows across multiple industries in the U.S., ensuring that compliance, security, and ease of use remain at the forefront.
